COMMUNITY DEVELOPMENT

Summertime is right around the corner and the longer days bring more time for home improvement projects. **Building Division** staff tries to take special time to work with homeowners embarking on do-it-yourself projects. Whether it's deferred maintenance or new improvements, due to hard economic times many are electing to do these projects themselves. Before beginning home improvement projects give us a call at 893-1024 to discuss plans and inspections that may be necessary, to explain code requirements and help you through the process.

Thinking of starting a new business? Checkout the City website for the New Business Checklist at www.mygulfport.us under the Online Services/Documents and Publications section.

Code Enforcement activities have moved to Section 2 of the City, also known as the Northeast Area which generally extends north to 7th Avenue, south to Gulfport Boulevard, west to 58th Street and east to 49th Street.

Because the City has one inspector who focuses on one section at a time, we depend on residents to call in violations when they see them. We will inspect within one working day of a complaint to verify any violation. Please call (727) 893-1061 if you see violations. If the inspector is unavailable, leave as detailed a message as possible to help us find the violation. Complaints can be anonymous, but if you want a follow-up you will have to leave contact information which means the complaint is no longer anonymous.

To review the Code Enforcement Activities documents for more detailed information and a map of the Code Enforcement areas please visit the Special Documents section of the City's website at www.mygulfport.us.
