

Gulfport Community Update

August 28 - September 3, 2016

Gulfport City Hall and facilities will be closed on Monday, September 5 in observance of **Labor Day**. The Sanitation schedule will not be affected.

Deputy City Clerk Kathy Cook-Tatay, City Clerk Lesley Demuth, Library Director David Mather & Human Resources Assistant Carmen Soto Torres helped staff the call center during **Tropical Storm Hermine** (photo below).

Brick pavers have been installed in the beach parking lot as part of the **Shore Boulevard Improvement Project** (photo below). A seating wall, landscape irrigation and brick crosswalks are also under construction. Parking is available at the Recreation Center, 5730 Shore Boulevard. Beach pavilions are available for rent during construction, but are available on a first come basis. Call 893-1089 for more information.

OFFICE OF THE CITY MANAGER

Hurricane Implementation Guides are available at Gulfport City Hall, Library and Fire Station. Have a plan and remember to restock your hurricane kits. The Atlantic basin Hurricane season began June 1 and ends November 30.

Pinellas County Mosquito Control technicians continue to aggressively treat known breeding areas by ground and by air. Residents who would like to request additional mosquito spraying in their area are asked to call 464-7503. The City of Gulfport advises residents to dress wisely, use a good mosquito repellent, and drain standing water around their homes. For more information, visit www.pinellascounty.org/resident/mosquito_control.htm.

Fire Chief Marenkovic would like to remind Gulfport residents that **free smoke detectors are available to elderly and low income households within Gulfport City limits**. Call Chief Marenkovic at 893-1062 for more information.

Summer is the deadliest season for **lightning strikes** because of the frequency of thunderstorms and the fact that more people are outdoors. Despite its "Sunshine State" nickname, Florida receives more cloud-to-ground lightning than any other state in the country, according to data from NASA satellites. The Gulfport Fire Department offers the following tips to help keep residents safe during a thunderstorm:

- Get into a fully enclosed building or hardtop vehicle at the first rumble of thunder.
- Stay indoors for 30 minutes after the last thunder clap.
- Monitor the weather forecast and have a plan for getting to safety in case a thunderstorm moves in.
- Do not use a corded phone during a thunderstorm unless it's an emergency; cell phones are safe.
- Keep away from plumbing, electrical equipment and wiring during a thunderstorm.

Building Division staff tries to take special time to work with homeowners embarking on do-it-yourself projects. Whether it's deferred maintenance or new improvements, many are electing to do these projects themselves. Before embarking on home improvement projects give us a call at 893-1024 to discuss plans and see what inspections may be necessary, or for an explanation of code requirements.

On anything other than small and simple DIY projects we recommend homeowners consider using a licensed contractor. Unless you are very handy and have the necessary skills to take on more complex construction projects, larger projects can quickly overwhelm those less skilled in construction methodology and management.

Don't take chances with unlicensed contractors

The Pinellas County Communications Department offers the following information when looking for qualified contractors:

The Pinellas County Construction Licensing Board helps guide homeowners in hiring a licensed contractor for home improvements.

Hiring an unlicensed contractor can put residents' homes in jeopardy, produce safety hazards and cost extra money to homeowners when work is not done correctly.

"Do your homework and follow the guidelines and resources provided to you by the Pinellas County Construction Licensing Board," said Executive Director Rodney Fischer. "Why take a chance with your money and safety?"

The function of the Pinellas County Construction Licensing Board is to regulate construction and home improvement contractors practicing in all Pinellas jurisdictions.

The licensing board can tell you if a contractor has a license. They must be licensed by the board or the state of Florida Department of Business and Professional Regulation and be registered with the board. Licensed contractors have passed a competency exam and perform electrical, plumbing or structural work in compliance with the building codes.

The state requires licensed contractors to have workers' compensation and liability insurance and the board monitors their insurance coverage. Without these, if a worker gets injured on the job or damages property, the homeowner is liable. Many insurance policies will not pay claims if an unlicensed contractor was doing the work.

WHEN SELECTING A CONTRACTOR, REMEMBER:

- Talk to friends and neighbors for recommendations.
- Home improvement contractors of various skills must be licensed with the Pinellas County Construction Licensing Board. The license number must be displayed on advertising as well as on contracts. You can verify a contractor's license number and check any complaints by contacting the Pinellas County Construction Licensing Board at (727) 582-3100.
- Check with the Department of Justice and Consumer Services at 464-6200 to determine the number of complaints against a business.
- Ask the contractor for references and follow through with verifying them.
- Ask the contractor for proof of insurance.
- Never deal with anyone who solicits or appears at your home unannounced.
- Obtain a minimum of two bids for the work to be done.

WHEN SIGNING A CONTRACT, MAKE SURE:

- All work should be specifically stated in the contract.
- An approximate starting and completion date should be included.
- All warranties including labor and materials should be addressed.
- A payment schedule should be contained in the contract.

- Do not give a large deposit before the beginning of work and do not pay the balance until completion.
- A three-day right to cancel rarely applies to home improvement contracts.
- Do not sign a blank contract or one containing blank spaces.
- Watch for non-refundable deposits and non-escrow accounts. In new home construction, part of the purchase price must be escrowed (this can be waived).

For more information call the board at 582-3100 or visit www.pcclb.com.

Code Enforcement have moved to Section 4 of the City, also referred to as the Art District which generally extends south from Gulfport Boulevard to the water and east from 49th Street to 58th & 59th Streets..

Because the City has one inspector who focuses on one section at a time, we depend on residents to call in violations when they see them. We will inspect within one working day of a complaint to verify any violation. Please call 893-1061 if you see violations. If the inspector is unavailable, leave as detailed a message as possible to help us find the violation. Complaints can be anonymous, but if you want a follow-up you will have to leave contact information which means the complaint is no longer anonymous. E-mail correspondence is considered a public record, so if you wish to make a complaint using e-mail, please understand that such communications are not anonymous.

To review Code Enforcement activities documents for more detailed information and a map of the Code Enforcement areas visit the Special Documents section at www.mygulfport.us.
