Contractor name: _____

Company address: _____

*Construction Permit # _____

*Attach installation receipt and copy of completed construction permit to this application.

Incomplete applications will NOT be accepted.

Lateral Rebate Application Guidelines

- **The property must be within the City of Gulfport.**
- Only property owners of single family residential owner occupied homes connected to the city's sanitary sewer system qualify.
- **The sewer lateral replacement must be permitted through the Community Development Department.**
- The lateral replacement must be at the address listed on the permit.
- **The program only applies to those laterals which are replaced in their entirety from the residential structure to the property line; spot repairs and partial repairs are not included in this program.**
- Verification of installation and an inspection and approval of completed work by the city is required.
- **The reimbursement will be 50% of the lateral replacement cost up to \$3,500.00.**
- The allocated \$127,500.00 is available on a first come, first serve basis until the funds are expended.
- **The property owner must submit a lateral replacement rebate application within 45 day of verification of installation and an inspection and approval of completed work by the city.**
- The property owner must submit, with the rebate application, a dated, detailed sales receipt for proof of purchase. The purchase price of the sewer lateral must be clearly itemized on an invoice.
- **Reimbursement for the sewer lateral replacement may take four (4) to six (6) weeks from the date the rebate application is filed.**
- Reimbursement funds will only be released to the property owner.
- **The rebate program is only in effect when funds are allocated for that purpose within a given budget year.**
