## DIRECT DEBIT

With DIRECT DEBIT service from the City of Gulfport, your utility bill is automatically paid from your checking or savings account fourteen (14) calendar days after the billing date. You will still receive a regular monthly statement. Instead of writing a check, you simply deduct the amount due from your bank account.

To sign up for DIRECT DEBIT service, simply complete this order form, include a voided check imprinted with your name and address, and submit it to Utility Customer Service.

Continue to pay your bill regularly until you receive your first bill that indicates you are on the DIRECT DEBIT program. If you need more information, contact Utility Customer Service at (727) 893-1016.
