Flood Emergency and Residential Repair Handbook, FEMA, FIA-13

Planning for a Sustainable Future, FEMA 364

FEMA Technical Bulletin Series:

- Technical Bulletin 0*, July 2019 FIA-TB-0
User's Guide to Technical Bulletins Developed in Accordance with the National Flood Insurance Program. Provides a list of available technical bulletins, a key word/subject reference index for all the bulletins, and information about how to obtain copies of the bulletins.
- Technical Bulletin 1*, March 2020 FIA-TB-1
Openings in Foundation Walls and Walls of Enclosures Below Elevated Buildings in Special Flood Hazard Areas In Accordance with the National Flood Insurance Program. Provides guidance on the NFIP regulations concerning the requirement for openings in below-Base Flood Elevation foundation walls for buildings located in Zones A, AE, A1-A30, AR, AO, and AH.
- Technical Bulletin 2*, August 2008 FIA-TB-2
Flood Damage-Resistant Materials Requirements for Buildings Located in Special Flood Hazard Areas in Accordance with the National Flood Insurance Program. Provides guidance on the NFIP regulations concerning the required use of flood damage-resistant construction materials for building components located below the Base Flood Elevation in Special Flood Hazard Areas (both A and V Zones).
- Technical Bulletin 3*, January 2021 FIA-TB-3
Requirements for the Design and Certification of Dry Floodproofed Non-Residential and Mixed-Use Buildings. Provides guidance on the NFIP regulations concerning watertight construction and the required certification for floodproofed non-residential buildings in Zones A, AE, A1-A30, AR, AO, and AH whose lowest floors are below the Base Flood Elevation.
- Technical Bulletin 4*, June 2019 FIA-TB-4
Elevator Installation for Buildings Located in Special Flood Hazard Areas in accordance with the National Flood Insurance Program. Provides guidance on the NFIP regulations concerning the installation of elevators below the Base Flood Elevation in Special Flood Hazard Areas (both A and V Zones).
- Technical Bulletin 5*, March 2020 FIA-TB-5
Free-of-Obstruction Requirements for Buildings Located in Coastal High Hazard Areas in Accordance with the National Flood Insurance Program. Provides guidance on the NFIP regulations concerning obstructions to flood waters below elevated buildings and on building sites in Coastal High Hazard Areas (Zones V, VE, and V1-V30).
- Technical Bulletin 6*, January 2021 FIA-TB-6
Requirements for Dry Floodproofed Below-Grade Parking Areas Under Non-Residential and Mixed-Use Buildings. Provides guidance on the NFIP regulations concerning the design of below-grade parking garages beneath buildings located in Zones A, AE, A1-A30, AR, AO, and AH.

- Technical Bulletin 7, May 2022* FIA-TB-7
Wet Floodproofing Requirements and Limitations For Buildings and Structures Located in Special Flood Hazard areas in Accordance with the National Flood Insurance Program. Provides guidance on the NFIP regulations concerning wet floodproofing of certain types of structures located in Zones A, AE, A1-A30, AR, AO, and AH.
- Technical Bulletin 8, June 2019* FIA-TB-8
Corrosion Protection for Metal Connectors and Fasteners in Coastal Areas in Accordance with the National Flood Insurance Program. Provides guidance on the need for, selection of, and use of corrosion-resistant metal connectors for the construction of buildings in coastal areas.
- Technical Bulletin 9, September 2021* FIA-TB-9
Design and Construction Guidance for Breakaway Walls Below Elevated Buildings Located in Coastal High Hazard Areas in Accordance with the National Flood Insurance Program. Provides guidance on the NFIP regulations concerning the design and construction of breakaway walls beneath elevated buildings in Coastal High Hazard Areas (Zones V, VE, and VI-V30).
- Technical Bulletin 10, March 2023* FIA-TB-10
Reasonably Safe From Flooding Requirement for Building on Filled Land Removed From the Special Flood Hazard Area in accordance with the National Flood Insurance Program. This technical bulletin discusses building techniques, including the use of fill, that can be used to ensure structures are reasonably safe from flooding.
- Technical Bulletin 11, November 2001* FIA-TB-11
Crawlspace Construction for Buildings Located in Special Flood Hazard Areas National Flood Insurance Program Interim Guidance, Provides interim guidance on minimum NFIP requirements as well as best practices for crawlspace construction in the Special Flood Hazard Area.
